Gentlemen:

On August 28th I wrote to you regarding recordation of The Urantia Book. Attached is a copy of the letter. I have heard nothing from anyone regarding my letter and wondered if may be it had been lost.

Now that the tapes are done, I have a further question. What if a local station were to be willing to run the tapes on the air?

Very truly yours,

R. E. Johnson

P.S. It turned out to be 106 one-hour tapes and 10 one and a half hour tapes, or a total of 116 cassettes. I would really appreciate your attitude regarding use of the contents of the book.
